

Will you join us in supporting freedom and defending liberty?

We are a group of Roanoke citizens who have organized to fight against bigger government and restrictions on personal freedom. You may have seen us on television or in the paper for our April 15 anti-tax rally, or our 4th of July rally at Elmwood Park.

Our goal is to make the Roanoke Tea Party a welcome place for anyone in the Roanoke Valley who believes in the principles on which this country was founded, and who understands that liberty is a hard won commodity that must be defended.

We believe in:

- The Rule of law and National Sovereignty
- Limited government based on the US Constitution
- Private property and free markets
- Individual liberty

We are a non-partisan group of concerned taxpayers and citizen activists, working to make a difference - starting with the Roanoke Valley.

We could surely use your help - won't you join us?
